Candidate Conversation Guide

Your vote is your voice—and your chance to have a say in how your community is shaped. Many races are on the ballot this year, and getting to know candidates ahead of time is crucial for making an informed decision at the polls. This guide will help you meaningfully engage with candidates when they call or knock on your door.

.....

How will you promote affordable homeownership?

Homeownership is key. It's the main way most families build wealth and become financially resilient. Safe and stable housing means children excel in school, workers earn, seniors thrive, and communities prosper.

What reforms do you support to modernize zoning and improve city tax bases?

Bipartisan action to streamline building new homes has passed in several states recently. More homes lower housing costs, strengthen communities, and help meet the needs of Minnesotans.

What will you do to address racial disparities and expand access to homeownership?

There are grave inequities in homeownership. The transformational benefits of ownership are not accessible to everyone. In Minnesota, 77% of White households own a home, compared to 47% of households of color, and 29% of Black households.

How will you protect homeowners and work to preserve existing affordable housing?

It's important that families who already have affordable housing can stay in their homes. Systems need to be in place to 1) prevent homeowners from falling into condemnation or foreclosure during economic uncertainty, and 2) preserve the affordable homes in our housing stock.
